

Senior Graphic Designer

Every day we are building a church of influence for the nation of New Zealand and beyond to see cities transformed with the truth and love of Jesus Christ.

Team Purpose

The Creative Team at ARISE bring life and clarity to the message of the church, advancing God’s Kingdom through creativity, and making the world a better place. We are a church without walls that is a defier of limits and norms, and our creativity has no bounds.

Role Purpose

The ARISE Senior Graphic Designer is a creative leader within the ARISE Creative Team. You’ll help to craft visual communication for a broad spectrum of mediums, introduce innovative and inspiring design solutions and create a sense of connectedness amongst like-minded visual artists and creatives.

My Role

Key Responsibilities

- ARISE Wide design and art direction (both internal, external communications and marketing campaigns across a variety of mediums and channels)
- Deliver assets to a high production standard (including digital, video, print, writing, scripts etc.)
- Maintain and continue to develop the 'ARISE brand' – shaping it and ensuring it is consistent across all communications/touchpoints
- Print production and print management
- Project management (reverse briefs, amends, SIGN OFF)
- Meet industry best practice
- Budget requests and breakdowns
- Work closely with social media team on design and campaign content
- Mentor and lead a team of Graphic Designers and creatives
- Mentor creative volunteers and other staff involved in any areas involving the ARISE visual brand
- Integrate volunteers into the design team process, considering both their ability and availability
- Supervise, mentor, and personally grow individual creative interns, overseeing their design outputs and time management

Skills

- 6+ years' experience in the field of design
- Creative, strategic, analytical thinking with a high attention to detail
- Ability to problem solve and a high level of resourcefulness
- Ability to manage multiple projects
- Thrives in a fast-paced environment
- Excellent time management skills
- The ability to meet deadlines in high pressure environments
- Working unsupervised. Create milestones with the Creative Director and Creative Manager
- Conceptualise and work a project through to completion
- Strong communication and presentation skills (including pitching and decision making)
- High level executive and department head interaction skills
- Have an awareness of design trends/industry standards to continue growing and learning
- Good understanding in fields of digital, video, typography, illustration, photography, and production
- Have an understanding of pre-press and print production processes
- Research skills to develop relevant, meaningful and truthful content
- The ability to lead, train, develop and mentor junior creatives
- Can work well as part of team or as a team leader, building the right team for specific projects
- Film and animation skills are a bonus.
